GÜLERMAK HEAVY INDUSTRIES CONSTRUCTION & CONTRACTING CO. INC.

HUNDREDS OF PRESTIGIOUS PROJECTS  
SUCCESSFULLY COMPLETED  
**SINCE 1958**

GÜLERMAK, since its establishment, has been a top leading international EPC contractor known for its excellent reputation and professionalism. GÜLERMAK has been in operation since its establishment in the year 1958, and has been executing global turnkey civil infrastructure, and industrial construction projects.

Over the years, we have maintained our level of reliability with our clients and business counterparts, keeping "on-time delivery" as our targeted goal to be fulfilled. Hard work, consistency, expertise, good relationships with our precious clients and partners has been the drive behind our success story. Since its establishment, GÜLERMAK operates with the highest ethical standards, in accordance with the requirements of its clients and own internal policies and procedures. At GÜLERMAK, our wide range of services are tailored to meet the unique needs of our client's preferences, which include Metros, Tunnels, Railways, HSRs, Tramways, Highways, Bridges, Viaducts, and Hydro-Electric Power Plants.

GÜLERMAK's impeccable experience in full turnkey, EPC, Metro, and Rail systems goes way back to the late 1990's, which is when GÜLERMAK gained the reputation of the most experienced Turkish EPC contractor in the field, with the successful delivery of more than 30 number of prestigious EPC Metro, Tram, Rail and HSR projects in Poland, Sweden, U.A.E, India, North Macedonia, Philippines, Romania, and Turkey. As a reference point, more than 350 km of tunnelling, 150 underground metro stations, and 1500 km of railways/ HSR track and operation of more than 50 TBMs were and being realized only in the last decade, all over the world.

GÜLERMAK has always been financially stable with healthy liquidity and sustainable growth ratios thanks to its visionary management. GÜLERMAK has successfully completed its recent remarkable Dubai Metro Project worth 2.8 billion \$.

In addition to its EPC contracting capabilities, GÜLERMAK has also been an industry leader in manufacturing steel in Turkey, with factory in Izmir. GÜLERMAK Steel Factories, with 157,000 m<sup>2</sup> total area, in-house design capability, and a total capacity of 30,000 tons per year structural and mechanical steel manufacturing, export their products to 50 different countries.

GÜLERMAK's quality procedures and processes are reviewed regularly for continuous improvements. Adherence to the Policy and Objectives of Health, Safety, and Environment Management System has always been the top priority of our management team and driven down to the workforce.

GÜLERMAK is known as an international EPC contractor and a reliable business partner through value-added services as well as continued investment in its technical and managerial competency.

GÜLERMAK seeks co- prosperity with its clients and business partners by adhering to its corporate culture, developed throughout its 66 years of history of providing top- notch services.

"WE PRIDE OURSELVES ON BEING A RELIABLE PARTNER TO OUR CUSTOMERS, WITH A DISTINCT STRONG TRACK RECORD OF DELIVERING DESIRED QUALITY, ON TIME, THROUGHOUT OUR 66 YEARS OF HISTORY"
